MRS. JOHN RICHARD SWISHER
The Former Miss Margaret Ann Bragg

Miss Bragg Becomes Bride Of John Richard Swisher

The wedding of Miss Margaret Ann Bragg, daughter of Mr. and Mrs. Gordon Hugh Bragg, of Appomattox, and John Richard Swisher, of Lynchburg, son of L. B. Swisher, of Fairfield, took place Thanksgiving evening at 7:30 in Appomattox Presbyterian Church.

The Rev. M. G. Stimpson, minister of the church, and the Rev. Dr. B. E. Bain, superintendent of the Presbyterian Home in Lynchburg, performed the double ring ceremony, and Miss Virginia Carolyn Caldwell provided a program of nuptial music.

Given in marriage by her father, the bride wore a gown of delustered satin and re - embroidered alencon lace designed with a princess silhouette, intermission length sleeves and a scalloped portrait neckline outlined with seed pearls, and a full shaped skirt featuring front and back panels of lace and pearl motifs which ended in a chapel train. Her bouffant tiered veil of silk illusion was attached to a crown of pearlized blossoms and leaves, and she carried a prayer book topped with a white orchid and showered with stephanotis.

Miss Kathryn Bragg, of Appomattox, was her sister's maid of honor, and Miss Shirley Hylton, of Lynchburg, was bridesmaid. Patricia Lee Bragg, of Appomattox, sister of the bride, was Junior bridesmaid.

The maid of honor, bridesmaid and junior bridesmaid wore matching gold satin afternoon length dresses, topped with bouffant gold candletuft silk skirts, and carried colonial bouquets of yellow roses and bronze pompoms, with green velvet streamers, and a matching spray for the hair.

Belinda Warlick, of Lynchburg, was flower girl and she wore a white silk organdy dress trimmed with lace and embroidered rose buds over a pink skirt. She wore a bandeau of yellow carnations.

Mark Wilcher, also of Lynchburg, was ring bearer.

The mother of the bride wore a green lace over satin afternoon length dress, with a green satin rose cluster and streamer at the waist. She wore a green hat of silk illusion showered with velvet flowers and a velvet bow.

Jimmy Swisher, of Lynchburg, was his brother's best man, and ushers were Cliff Thomas, of Hampden - Sydney, Jimmy Thomas and Douglas Steinspring, both of Lynchburg, and Gerald Wilbun, of Appomattox.

After the ceremony, the parents of the bride entertained with a reception at their home.

The bride is a graduate of Appomattox High School and attended Lynchburg College. She is now employed by General Electric, in Lynchburg.

The bridegroom is a graduate of Boonsboro High School and Hampden - Sydney College. He is now a member of the teaching staff of Brookville High School.

After a Southern wedding trip the couple will make their home at 4200 Fort Ave., Lynchburg.

Local Activity Calendars Here

The Appomattox Activity Calendars for 1964 are here and are on sale by each member of the American Legion Auxiliary as well as Sneed's Pharmacy and Patterson Drug Store.

HD Schedule

Thursday, Dec. 19 — Pamplin Club will meet at 2 p.m. with Mrs. Leslie Hart.
Thursday, Dec. 19 — Clover Hill Club will meet at 7:0 p.m. with Mrs. Mildred Richardson.
Friday, Dec. 20 — Spout Spring H. D. Club will meet at 7 p.m. with Mrs. Pauline McFadden.

Flue-Cured Program Continued For 1964, Says ASCC Official

The flue - cured tobacco discount variety program will be continued in effect for the 1964 crop, James E. Warren, Chairman of the Virginia Agricultural Stabilization and Conservation Committee reminded tobacco growers today.

Under this program price supports for the discount varieties are one-half the support rates of comparable grades of acceptable varieties. The discount varieties include Coker 139, Coker 140 Coker 316, Reams 64 and Dixie Bright 244. Any mixture or strain of these seed varieties, or any breeding line of flue - cured varieties including 197-Golden Wilt (also designated a No - name XYZ, Mortgage Lifter, Super XYZJ, having the quality and chemical characteristics of the five varieties will be designated as discount varieties.

Mr. Warren urged every grower to obtain his tobacco seed from reliable sources. By doing this, he will be protected against the planting of mixed or inferior seed. As in past years, tobacco will be checked while it is growing in the field. Any tobacco having growth characteristics and chemical properties similar to a discount variety will be supported at one - half the support rate for acceptable varieties. So it is most important that each farmer be sure of the variety of tobacco he plants.

Facts About Sabin Polio Vaccine

adults.

WHO MAY TAKE THE ORAL VACCINE? The vaccine may be given to all persons six weeks of age or older.

WHERE WILL IT BE GIVEN? In clinics located at the Appomattox cannery; Pamplin cannery; and Oakville Elementary School

WHEN WILL IT BE GIVEN? Type I vaccine - make - up virus clinic, Dec. 12, 13 and 14 at Health Office.

Type II vaccine —Sunday, January 19 from noon to 5 p.m.

Type II vaccine — Sunday, March 1 from noon to 5 p.m.

HOW MUCH WILL IT COST? The program is free of charge. The Appomattox Lions Club is requesting a donation of 25c to help defray expenses, but none will be turned away because of lack of funds.

IS POLIO ALWAYS CAUSED BY THE SAME VIRUS? There are three different known types of polio virus which cause polio myelitis. There are separate oral vaccines against all three types of poliovirus.

WHAT IS THE ORAL VACCINE? It is a live virus vaccine which helps the body develop immunity. Unlike many other vaccines, it can be taken by mouth.

WHAT IS THE DIFFERENCE BETWEEN SABIN ORAL VACCINE AND THE SALK VACCINE? The Salk vaccine is a killed virus vaccine. Four shots are given over a period of 9 to 15 months. With a Sabin oral vaccine, each type is given separately by mouth, four to eight weeks apart. The vaccine works fast, usually within a week.

HAS EXTENSIVELY BEEN USED? The Sabin vaccine has been given to more than 200 million people throughout the world. Over 60 million doses have been given in the United States.

HOW EFFECTIVE IS THE SABIN ORAL VACCINE? The oral vaccine is designed to produce an intestinal barrier against poliovirus as well as antibodies in the bloodstream. Thus, it is expected that the vaccine will help prevent vaccinated persons from carrying the disease as well as help protect them against poliovirus.

SHOULD YOU HAVE ORAL VACCINE IF YOU HAVE ALREADY HAD SALK VACCINE? Yes, it is wise to take the oral vaccine. It can increase the degree of your protection and can help you protect other persons in the community.

HOW IS IT GIVEN? A dose of vaccine can be mixed with distilled water and taken by cup or spoon; it can be given to infants by dropper or put on a sugar cube for older children and

Jr. Journalists

The staff of the TIMES-VIRGINIAN is pleased to take note that six of the county's young reporters took part in the Reporters training session at the 4-H County Council meeting. They are Aileen Torrence, reporter for Mrs. Cunningham's 4-H club; Donna Hubbard, Mrs. Cyrus' 4-H Club; and Tommy Bass, Mrs. Hill's 4-H Club — all of the Appomattox Elementary School. Also, Kathy Baldwin, Diane Dowdy, and Jimmy Burcher, who report for clubs in Pamplin Elementary School.

First Snow?

Motorists and shoppers on Thursday were startled to see snow on Main Street, Appomattox. There were two "snowbanks and both of them just outside Patterson's Drug Store. The "snow", it is said, turned out to be frost from the ice cream box, the result of a "scraping and cleaning out" operation earlier in the day.

WHAT CAUSES CANCER? — Cancer has several causes which are fundamentally not understood. Certain environmental facts may lead to cancer. Among these are: repeated overexposure to the sun; excessive contact with certain chemicals; radiation; cigarette smoking. Research supported by the federal government and the American Cancer Society seeks to uncover the basic causes of cancer. Leads have already been found. It is known, for example, that certain viruses cause cancer in animals. If a virus can be shown to cause cancer in humans, it may be possible to develop a vaccine to control some forms of Cancer.

Don't cuss the climate. It probably doesn't like you any better than you like it. —Don Marquis

Letters To Santa

December 9, 1963

Dear Santa,
We are two good little boys, age three and four. Will you bring us lots of pretty toys. Be sure to bring a doll and a car so we can play daddy and baby. Be good to our Nannie, she lives at Route 1, Appomattox, Va. Our name is Mrs. Gracie Irby, Love Kenneth and Donald Davis

Help Keep Record Accurate For Social Security

"How can I be sure my family and I get full social security credit for the wages I've earned?" This question is being asked more and more, according to William J. Vinson, district manager for social security in this area. "It's a very important question," Vinson said, "because all social security benefit payments are based on a worker's past earnings. We're very proud of the accuracy of our records, but we need the workers' help to keep them accurate."

There are two ways a worker can help the Social Security Administration to keep his wage record accurate. First, he should make sure his employer has his name and social security card. When an employer reports the wrong number or name or no number at all for a worker, there's a good chance the worker won't get any social security credit for his work.

The second step a worker can take to help social security prevent errors is to check his record every three years. The social security office has free post card forms that a worker can use to request a copy of his social security record. If the worker spots an error in his record, social security will help straighten it out. The social security office in Lynchburg, which is located at 2412 Langhorne Road, will send one of these free post card forms to any worker who wants one. You may call or write for your free card.

Take Social Security At 62 Or 65? To Answer Requires Some Figuring

A few short years ago everyone had to be at least 65 years of age to qualify for retirement benefits under social security. Today, this is no longer true. In November 1956 the Social Security Law was changed to permit women to retire at age 62. Beginning in August 1961 retirement age for men also was lowered to age 62.

For several reasons, including additional costs created by this reduction in retirement age, the benefits are reduced for those who file before age 65. As a result of these changes in the law, people considering retirement want to know if it will be to their advantage to file for reduced payments or wait until age 65 to receive an unreduced benefit. They also want to know how much the reduction will be and how long it will take to break even if they wait until age 65 to file.

Individual Decision

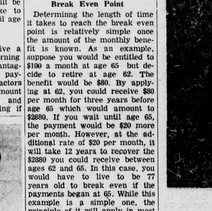
It is only possible to give a general statement concerning the advantages and disadvantages of filing for reduced payments because several factors must be considered. The amount of the monthly payment and the amount you are earning if still working are important considerations. But the most important factor is how long you will live as this determines the length of time payments can be received.

The percentage of the reduction in retirement benefits is determined by the number of months you will receive payments before age 65. If the benefit is first payable at age 62, the reduction will be 20 percent of the amount payable at age 65. At age 63, the reduction will be about 14 percent and approximately 7 percent at age 64. The reduction percentage is slightly more for wife's and husband's benefits. However, there is no reduction in payments to widows, widowers, or parents who file before age 65.

Break Even Point

Determining the length of time it takes to reach the break even point is relatively simple once the amount of the monthly benefit is known. As an example, suppose you would be entitled to $100 a month at age 65 but decide to retire at age 62. The benefit would be $80. By applying at 62, you could receive $80 per month for three years before age 65 which would amount to $2880. If you wait until age 65, the payment would be $20 more per month. However, at the additional rate of $20 per month, it will take 12 years to recover the $2880 you could receive between ages 62 and 65. In this case, you would have to live to be 77 years old to break even if the payments began at 65. While this example is a simple one, the principle of it will apply in most cases regardless to the amount of the monthly payment or the number of months by which the benefit is reduced.

Representatives of the Social Security Administration do not advise individuals if they should or should not file before age 65. Their job is to explain the facts concerning reduced payments. The decision on filing is then left to the individual.



WILLIAM T. HUNTER

Wounded In Korea

William T. Hunter, son of Mr. and Mrs. Wesley Hunter, of Pamplin, completed basic training at Fort Jackson S. C., Fort Gordon, Ga. and Fort Leonard-wood, Mo. on August .

Hunter is now home for Hqs. and Hqs. Co. with the 13th Army in Korea has been wounded while on convoy.

He is a 1960 graduate of Carver-Price High School. He entered the Army March 24, 1962. His address is as follows: PFC William Hunter, Ra. 12787673, Hdqs. and Hqs. Co. 13th Engs. Inf. Div. Apo. 7, San Francisco, Calif.

4-H News

This is the 4-H report of Mrs. Jane McClung's 4th grade.

Our last meeting was held Thursday, Nov. 15. We took up business of electing officers. The president is Jimmy Chandler; vice president, Emmitt Knight; secretary-treasurer, Terrsa Fralin; reporter, Sandra Smith; song leaders, Carol Burnett and Debra Pierce.

Mr. Smith then led us in the 4-H pledge. We spoke of how long we could remain in 4-H: how many 4-H Club members are in Virginia.

Reporter, Sandra Smith

JOHN CANADA

John Canada, Ferrum College Fullback Praised By Coach

John Canada, of Pamplin has been s'ngled out for exceptional praise by his present football coach, Henry Norton, of Ferrum College. Canada is a sophomore at Ferrum majoring in business administration.

Said Coach Norton, "Canada is a blistering runner at fullback. Only recently he scored two touchdowns against a stubborn Lees-Mc Rae team to give Ferrum a 36 to 13 victory. All year long he has been exciting fans and coaches alike with his long kick-off returns."

John Canada is the son of Mrs. Dorothy B. Canada, of Pamplin. He is a graduate of Pork Union Military Academy.

Ferrum is a two-year coeducational college located in Franklin County, Virginia. Courses are taught in liberal arts and pre-professional subjects. The college is owned and operated by the Methodist Church.

Berry Singers

The Berry Singers of Appomattox rendered special music at the morning worship at the First Nottoway Baptist Church last Sunday morning. The pastor Rev. James Franklin delivered a special sermon. A large crowd of members and visitors attended the service.
